LATCH

STRIKE

LOCKS

Aggressively Moving Towards Keyless Technology GPS/GPRS Locking Systems

LOCK SPECIFICATION

- Keyless technology remote controlled
- Fail safe Electronic Strike (NC/NO)
- Lock Size: 149x28x31mm
- Working Voltage: 12VDC
- Working Current: 400mA
- Strike:30mm
- Lock size (mm): 150(L) x 25(T) x 32(D)
- Approx. weight: 430g
- Nominal voltage: DC12V

- One remote can control multiple locks
- Standby current:120mA
- Voltage tolerance:10%
- Temp. range: -20°C~ 70°C
- Power consumption:1.5W
- Pair with MK-338 square type dead bolt mechanical lock
- Material: Zinc alloy
- Application: For aluminium, steel, wooden or brass door
- Brand Name : Genesis
